

CHANNEL MOUNT CIRCUIT RACEWAY

ARKADIUM

*Extruded Aluminum
Raceway for circuit
distribution and
fixture mounting*

FEATURES

- Channel mount is listed by CSA
- Finished flat black as standard
- Non ferrous construction prevents AC induced noise or vibration
- Rugged pre-wired distribution system for feeding lighting equipment vertically or horizontally. Circuits are wired home run, receptacle to terminal strip for ease of installation and wiring
- Light weight for rigging load advantage
- Splice bars are supplied to ease assembly of long channel mounts segmented for ease of shipping
- A variety of hangers are available to suit most installations. Single and double pipe hangers are designed to accept 1 1/2" ID schedule 40 pipe as the lighting instrument mounting system when using fixtures with standard "c-clamps"
- Available with 20A twist lock or 15A u-ground receptacles either flush mounted or "pig tail" - hanging on 18" flexible cable. Medium screw base swivel mount lamp holders may be specified.

CHANNEL MOUNT CIRCUIT RACEWAY

Channel Mount is a custom built plug in strip and wire way that has options for a lighting instrument mounting system. Made from heavy duty, corrosion resistant extruded aluminum, the Channel Mount system is available in continuous lengths up to ninety (90) feet with a fifty-five (55) circuit capacity. Channel Mount is pre-wired for simple field connections.
